# *We Dedicate the 1971 Eagle to —*

You are the man who has never gotten your four potted plants, but you have given so much. To the Senior class you have been known as a prom counselor, as a trip guide, and the only man among all men who had the patience to struggle through these disastrous but glorious times.

You kept the candle burning under us whenever we felt like giving up and without you we'd be bankrupt now, instead of financially stable.

For these reasons and many, many more the class of '71 dedicates this yearbook to you, the greatest grease monkey we know - Mr. Gregory.

## English and French

French and English were the two languages offered this year. Mrs. Lowstuter taught French I, II, III, and senior English. Mrs. Elder had the freshman, sophomore, and junior English, and Mrs. Woods taught the junior and senior college prep courses. Mrs. Fields was the student teacher under Mrs. Woods.

# M a t h

During 1970-71 year our Math teachers taught the basic and advanced methods of mathematics. Mr. Blazier taught Pre-Algebra, Algebra II, and Advanced Math. Mr. Schwarzentraub taught Algebra I and Geometry, and Mr. Heavilin taught M.B.A. Mr. Sullender took Mr. Schwarzentraub's place half-way through the year.

To keep up with the rapidly growing field of science two courses were added to the curriculum this year. These classes are Applied Science, taught by Mr. Edman and Biology II, taught by Mrs. Seal. The other science courses are Physics, taught by Mr. Blazier, Chemistry, taught by Mr. Edman, and Biology I, taught by Mrs. Seal.

We're leaving you,  
We're packing all our  
things  
Our books, our hopes  
and dreams  
Of a new and better  
tomorrow, For the  
Future is ours, and  
The world outside calls  
us to come and join  
Her different lives.

These days are gone,  
Though passed so soon;  
The games, the parties  
the fun and tears.  
We leave behind a part  
of us  
And take a part of you.
